小キズ

The diagram shows a top-down view of a car chassis. It includes a steering knuckle at the front, a central engine/transmission area, and a rear differential. Inspection points are marked with circles and dimensions: 8mm for the front suspension arms, 8mm for the rear suspension arms, and 8mm for the rear wheel hub area. A table at the bottom lists inspection items: ディアミラー (Diameters), キズ (Scratches), セビ (Seals), and ウレ (Urethane).
